

New African Masquerades presents the work of four masquerade artists from West Africa, but there are plenty of places to learn more about African histories and culture in New Orleans, which has been known as “the most African city in the United States.”

The New Orleans Museum of Art and the Southern University of New Orleans Museum of Art have teamed up to offer a selection of locations throughout the city that highlight local connections to African art, history, and heritage. We hope it helps to uplift the connections that run deep throughout our city.
